

We are seeking a

PROJECT SUPERVISOR

Our Company – GHG (Green Horticultural Group)

For over 20 years, GHG has been recognised as one of the most respected names in the turf and landscape industry, specialising in turf construction, turf renovation and ongoing maintenance. Our business is growing and we currently have an exciting opportunity for a Project Supervisor, reporting to the Project Manager.

You will be required to manage our turf construction project teams and sub-contractors on site, liaise with the client, tender their specific requirements and deal with claims/variations on the contracts as and when required.

Essential Requirements

- Qualification or pre-qualification is essential
- Minimum 3 years experience in a similar role/industry
- WHS Whitecard
- Excellent attention to detail
- Ability to meet strict quality parameters required by our client
- Excellent communication skills
- Chemical application certification (desirable)
- MR/HR an advantage
- Computer literacy.

Duties of this role

- Managing staff and liaising with clients
- Planning and establishment of works programs ensuring that timelines are met
- Managing subcontractors, approval of all daily orders and subcontractor orders
- Ensuring all projects are complying with legislation and WHS and Quality requirements
- Involvement in weekly operations meetings
- Running projects to budget
- Managing defects, liabilities and handover.

Benefits and Perks

A company vehicle, uniform and phone will be provided to the successful candidate along with a competitive salary package (discussed at interview). You will be supported with ongoing training and mentoring, whilst working for a stable and growing organisation. This roll offers the opportunity for advancement for a suitable candidate within our growing and stable organisation.
